

**"Our coal is lasting much longer this year"**

YES, a very material difference in the coal bill is noticeable when you heat your house the selective way—each room as you need it. Instead of "rushing" your regular heater a half hour every morning, or when you want to use a room that isn't quite comfortable, use a Perfection Oil Heater. It will give you just the heat you need where you want it most—more quickly and economically.

Thousands of people discover every year that a Perfection pays for itself many times—in the coal it saves, as well as in comfort and convenience.

The portable radiator

You probably wish the radiator in one of

your rooms was in a different, more cozy corner—or nearer a window. A Perfection will solve your problem. A boy or girl can carry it anywhere, for it is light, though substantially built.

It is also an ornament to any room—easy to fill, light and extinguish—always ready to give the few more degrees of heat needed to make a comfortable room cozy.

Progressive hardware, housefurnishing and department stores sell the Perfection. Ask your dealer to show you one. Sold in blue or black finish, with or without nicked trimmings.

For best results use Socony Kerosene.

#### A Statement of Fact!

### To The Women Voters of Vermont!

Every woman resident of the State, if she is 21 years of age or older, and has been a resident in the State one year and in a town or city at least three months prior to election is entitled to vote in the National and State elections.

**Tuesday, November 2,**

provided she has registered and her name is on the check list.

**And Such Voting has Nothing Whatever To Do With Taxation**

The only election wherein only tax-paying residents are eligible to the ballot is Town Meeting, held in March.

Therefore, Women Voters of Vermont, do not be misled. You are entitled to the ballot in the elections of November 2. You may be, but it is not necessary that you must be, a tax-payer.

When you go to the polls to cast your ballot for Presidential electors and for State officers have in mind that you will serve your country and your State to the fullest degree possible. This you will do by voting the ticket:

**HARDING for President  
COOLIDGE for Vice-President**

and the State ticket headed:

**HARTNESS for Governor  
FOOTE for Lieut.-Governor.**

All of us, Men and Women alike, desire to return to the normal times of peace, with extravagance and profligacy eliminated from the administration of government.

The one hope of a return to a normality of things, with sanity prices prevailing and hope and ambition replanted in the human heart, is found in the success of the Republican tickets—National and State.

Let it be repeated: Voting in November does not necessitate paying any tax.

Republicans—Men and Women—let's have an old-time inspiring vote for both national and State tickets next Tuesday.

REPUBLICAN STATE COMMITTEE.
